NEW CODE OF RULES

Measles and Whooping Cough Must Be Reported.

THE FORM OF DANGER SIGNAL

The State Board of Health Provides for Additional Safeguards—The Local Department Has Received the New Order, and It is Now In Force.

Doctor Ogden has received from Columbus the rules recently adopted by the state board of health, and they have already become operative in the city.

The rules were adopted June 30 of this year, but were found insufficient to meet the requirements, and a few weeks ago they were amended. The changes are not extensive, but very important, as diseases which heretofore have not been regarded as particularly dangerous have been added to the list of what are deemed by the department contagious. In placing measles and whooping cough under the supervision of the department of health it is the intention to throw out another safeguard to the many already established.

The first rule says that no person suffering from diphtheria, membranous croup, scarlet fever, smallpox, measles, whooping cough or other dangerous communicable disease shall be admitted into any public, parochial or private school or college or Sunday school, or shall enter any assemblage, or railway car, street car, vessel or steamer, or other public conveyance.

No person shall be admitted into any public, parochial or private school or college or Sunday school from any house or building in which has recently occurred a case of dangerous communicable disease, without first presenting a certificate signed by a reputable physician that all danger of communicating such disease is past, and said certificate is endorsed by the board of health or its proper officer within whose jurisdiction the person may reside or be.

No parent, guardian or other person having charge or control of any child or children shall allow or permit any such child or children to go from any house or building in which a case of smallpox, diphtheria, membranous croup, scarlet fever, measles, typhus fever or cholera has recently occurred, without a permit from the board of health or its proper officer.

It shall be the duty of every physician called to attend a person sick, or suspected to be sick, with cholera, yellow fever, smallpox, diphtheria, membranous croup, scarlet fever, measles, whooping cough, typhoid fever or typhus fever, within 12 hours thereafter, to report the name and residence of such person to the board of health or its proper officer, within whose jurisdiction such person is found; and where a person is sick with any of the above named diseases and a physician is not called, it shall be in a like manner the duty of the owner, or agent of the owner, of the building in which such person resides, lives or is staying, and of the head of the family in which such disease occurs, to report the name and residence of the patient to the board of health or its proper officer.

It shall be the duty of the board of health, or its proper officer, when a case of smallpox, yellow fever, typhus fever, diphtheria, membranous croup, scarlet fever or measles is reported within its jurisdiction, to at once place, or cause to be placed, in a conspicuous position on the house wherein any of the aforesaid diseases occur, a quarantine card or flag and a notice announcing in large letters, "Contagious Disease Within," and to prohibit entrance to or exit from such house without written permission from the board of health.

Every physician attending a person affected with smallpox, diphtheria, membranous croup, scarlet fever or typhus fever, shall use every possible precaution to prevent communication of the disease to others.

Public funerals are not allowed when the patient has died of diphtheria, membranous croup, scarlet fever, measles or whooping cough. School books or books from a public library must not be taken into a house where any of these diseases exists. If the books have been so exposed they must be destroyed or fumigated.

VIEWING WASHOUTS

Commissioners French and Bye in the City Today.

Commissioners J. H. French and Samuel Bye were in the city for a few hours this morning. Later they went to Wellsville to inspect an improvement ordered some time ago. The commissioners will also view a washout near Salineville and another near Irondale, and decide what precautions will have to be taken to prevent similar occurrences in the future.

A GOOD REPORT.

The Committee Found Fairmount Home All Right.

The board of visitors, who inspected the charitable and correctional institutions of Stark county, have made the following report to Hon. Joseph P. Byers, secretary of the board of state charities, and Judge McCartney of common pleas court:

The committee has made the usual number of visits to the institutions of the county during the past year. It has found the condition of Fairmount children's home to be most commendable throughout the year. Especially the committee note the absence of any form of illness in the institution. The good health of its inmates may be pronounced exceptional. The committee has no reason to change its opinion of the qualifications of the superintendent and matron for the discharge of the responsible duties which devolve upon them in the home, and especially wishes to commend the ability, faithfulness and motherly care of Mrs. Southworth, the matron.

MARK THIS WELL,

And Every Honest Voter Should Remember It.

"EDITOR NEWS REVIEW:—Permit me to congratulate you upon the early and just stand you have taken respecting the coming Republican primaries. By all manner of means, let us have the Australian system of voting at the primaries. Let us have an honest ballot. Insist that trickery, jobbery and skulduggery shall not control. Farther, as a Republican paper, Republican from choice and principle, it is your bounden duty to urge all good and law abiding citizens to turn out at the primaries and see to it that the right kind of men are nominated for municipal offices. Yes, even better than that should be done. Men should be canvassed for and selected long before the primaries are held; men who will do honor to East Liverpool and reflect credit upon her citizens. Every good man and true should bear this in mind, and should work earnestly to this much desired end. The good citizens of East Liverpool are in the ascendancy, and they can, if they will, elect good men and true. Don't act the part of a stay-at-home when the battle of ballots is on. Don't assert that politics are dirty, and that you don't desire to tarnish your hands. Act well the part of a man and a true citizen, and see to it that dirty politics are banished from this hustling and enterprising city, and you can ere long point with pride to a municipality which is controlled and operated by trusted, tried, capable and honest officials. We have a number of such officials now on deck; and those who do not fill the bill should be retired to private life for all time to come. Again, Mr. Editor, let me thank you for starting the ball rolling. Keep up the good work. Turn on the light. AUSTRALIAN."

NO TRAMPS THERE.

They Shun the Residence of Samuel Derrington.

A month ago a child of Samuel Derrington, who resides between Fifth and Sixth streets, was seized with scarlet fever. The house was quarantined, and as the case was a mild one the patient rapidly recovered, and was able to be out in a little over two weeks. Although the quarantine was removed the sign was never taken down. Mr. Derrington does not wish to violate the law therefore leaves the card tacked on the house. He says there is one consolation, the family is not annoyed by tramps.

WINNIE MERCER IN NEW YORK.

The Knowing Ones Say He Will Not Play In Washington.

The Pittsburg papers announced a few days ago that J. Earl Wagner, of the Washington club, was in that place and had come to East Liverpool, where he expected to see Winnie Mercer. That gentleman was seen by a News Review man, but denied any knowledge of Wagner's visit. It is believed that Washington has a deal on with New York whereby Rosie will be traded for Mercer. Winnie acknowledges that he has been asked if he would play in New York.

Hope For No North Wind.

There were no new cases of diphtheria reported today, but if the present wet weather closes with a cold north wind, there will probably be another outbreak of the disease. The condition of Mrs. Bolton is somewhat improved.

A NEW POLICEMAN.

He Will Take the Place of Officer Harry Meador.

Officer Harry Meador has decided that there is a better lot in life than compelling the enforcement of law, and has placed his resignation in the hands of Mayor Gilbert. The officer resigned yesterday, and requested the mayor to appoint his successor in order that he might leave the service of the city this evening. Officer Meador has been on the force for almost three years. He has been a good member ever faithful to his duty, and ready at all times to fill every requirement of a first class roundsman. His resignation is only caused by the knowledge that he can step into a better position.

OVER THE BRIDGE.

J. M. Samuels Was the First Man to Cross.

There was joy and gladness at the bridge late yesterday afternoon when the connection was made, and it was possible to walk from Ohio to West Virginia without getting one's feet wet. The first man to cross was J. M. Samuels, construction boss, and he walked the narrow place with as much indifference as though it was an every day occurrence to stand high above the river on a narrow strip. Draughtsman Brown came from Beaver Falls today, and made a few measurements for the purpose of ascertaining what size the panels for the middle of the span will be.

HE TESTED THE MATTER.

One of Our Popular Merchants Makes Practical Application.

An East Liverpool business man picked up his NEWS REVIEW last evening and, as he glanced over the current and live news of the city and surroundings, made note of the statement that the manager of this paper is always on the alert for advertising matter, and is never too proud or too lazy to hustle after the same, at the request of business men, when called up by telephone or otherwise. Said business man determined to make a practical test of the matter, as he desired his merchandise advertised, and knew the proper place to do so, and he sent a message over the phone, requesting the manager to call at once. The message was responded to with alacrity. The merchant smiled audibly as the newspaper man entered his place of business, and remarked: "I wanted to find if you meant what you really said in your paper yesterday. Run this local today and tomorrow, and give it a good place."

FINISHING TOUCHES

Are Being Put Upon the Arrangements for the Lutheran Dedication.

The Lutheran congregation met in the Young Men's Christian association rooms last evening to prepare for the dedicatory services to be held in the new place of worship next Sunday. Reverend Reinartz was present and delivered an address. It was decided to postpone communion until the Sunday following, and then hold it with the confirmation services. Rev. M. S. Smith, of Baden, will preach a sermon in English the morning of the dedication. The ladies of the congregation will meet at the Young Men's Christian association rooms, at 7 o'clock this evening, and will then go to the new church and clean the building. Reverend Reinartz is in Pittsburg today on church business.

A NEW DEPARTURE.

The Delmonico Club Thinks of Building a Home.

The Delmonico club will meet this evening to discuss the advisability of building a home. The organization has become so prosperous and grown so large that the members believe it would be economy to own a club house. They eat a cow each week, and will also decide whether it would not be best to purchase live cattle and have a butcher in their employ prepare the meat. The subject of vegetables has been forced to the front, and it is possible the club will lease ground near the city, employ a gardener and raise all the green stuff put on the club table. Another important matter is the price of meals served transient trade.

AN INJUNCTION.

The Ohio Valley Company Have Another Case In Court.

The Ohio Valley company have applied for another injunction in the circuit court. They want an order restraining Joseph Kinney from obstructing their employees when engaged in lifting the pipe from his farm in Grant district. The case will be argued by Judge Paull in Wheeling tomorrow.

A Social Session.

After electing officers tonight, the Rebeccas will hold a social session.

PAID OUT SOME MONEY

The School Board Had a Lot of Bills.

COST OF THE BOND ELECTION.

It Was No More Than Was Expected. Judges and Clerks Were Given What They Asked—A Resolution and an Invitation—Other Business.

For their services in conducting the recent bond election, the judges and clerks will each receive \$3, the amount they asked. The disposition of this matter and the settlement of a big batch of bills was the principal business transacted by the board of education last evening.

The meeting opened promptly at 8:15, with all members in their accustomed places, except Mr. Murphy, who arrived a few minutes later. Mr. McClain read a passage of Scripture and made the opening invocation. Clerk Norris announced the receipt of a communication from the National Educational association. It was tabled until later in the evening. Acting upon a suggestion made by President McGraw, the board made official acknowledgment of thanks to the senior class of the high school for the reception tendered the board last Friday evening. Mr. Swan and Mr. Vordrey were appointed a committee to draft a resolution embodying the gratitude of the board. This they did before the close of the meeting, and a copy of the resolution will be sent to the senior class and another spread upon the minutes. The secretary next read the following long list of bills, which were ordered paid without a dissenting voice:

Ceramic City Light company, \$6.72; Martin Elliott, \$3.85; Robert Hall, \$1.58; Mr. Bills, \$1.25; W. G. Johnson, \$3.50; William Stone, \$5; Will Reed, \$4.80; News Review, \$42.25; Robert Moore, \$225.37; Andy Rattray, \$5.97; J. W. McKinney, \$1; Tribune, \$3.70; Eagle Hardware company, \$1.14; Andrew Watson, \$14.59; Joseph McMillin, \$1.50; Crisis, \$22.30; G. W. Doidrick, \$23.17; H. S. Gamble, 90 cents; W. T. Norris, \$1.28; Union Planning company, \$18; Arbutnot Bros., \$20.23; C. B. Bower, \$1; The bills from the judges of election were: W. H. Kinsey, \$18; George Grosshans, \$18; W. V. Blake, \$18; D. T. Nellis, \$18; J. C. Kerr, \$18; E. H. Croxall, \$18, and W. B. Hill, \$18. It was also decided to pay \$65, the amount due on the insurance of Grant street school. The bills passed upon favorably amounted to \$24.37, an unusually large amount. One precinct has not sent in its application for pay, and including this amount, the bond election cost the board \$162. There was no disposition manifested against paying the amount asked by the clerks and judges, and the unanimous opinion of the board was that the recent election was not very expensive. This wound up the financial transactions of the evening.

The communication from the National Educational association was taken up. Superintendent Sanor explained this organization convened once a year and discussed subjects relating to management of public schools. It is customary to send one member of the board to these meetings, and the superintendent stated inculcable benefit was always derived from it. He also advocated subscribing for a journal published in the interest of the Educators' association, which contains valuable information with regard to the best methods to be adopted in conducting schools. The matter of sending a representative was not discussed at length, and after the clerk had been instructed to order the journal, the meeting adjourned.

T. Nellis, \$18; J. C. Kerr, \$18; E. H. Croxall, \$18, and W. B. Hill, \$18. It was also decided to pay \$65, the amount due on the insurance of Grant street school. The bills passed upon favorably amounted to \$24.37, an unusually large amount. One precinct has not sent in its application for pay, and including this amount, the bond election cost the board \$162. There was no disposition manifested against paying the amount asked by the clerks and judges, and the unanimous opinion of the board was that the recent election was not very expensive. This wound up the financial transactions of the evening.

The communication from the National Educational association was taken up. Superintendent Sanor explained this organization convened once a year and discussed subjects relating to management of public schools. It is customary to send one member of the board to these meetings, and the superintendent stated incalculable benefit was always derived from it. He also advocated subscribing for a journal published in the interest of the Educators' association, which contains valuable information with regard to the best methods to be adopted in conducting schools. The matter of sending a representative was not discussed at length, and after the clerk had been instructed to order the journal, the meeting adjourned.

EAST LIVERPOOL, O., TUESDAY, NOV. 24

Mr. BRYAN must be ill. Nothing has
been heard from him for almost a day.

THERE is still some balm in Gilead.
No excuse can be found for a special
session of the legislature.

THE Republican party is the party of
protection. Therefore the Republican
tariff should be a protective tariff.

THE electoral college will contain 272
votes for Major McKinley; and still the
Bryanites pretend they can see nothing
of a landslide in the late election.

It really seems as though the Demo-
crats are raising a tempest in a teapot
when they talk of contesting the vote in
Kentucky. There is no ground for their
ridiculous claims.

THE European press does not take the
election of McKinley kindly—a very
good indication that Europe thinks Mr.
McKinley is too much of an American
to suit its ideas.

THE potters have a claim for
recognition which the Dingley bill does
not allow. That is one reason why East
Liverpool favors protective and not
revenue legislation.

A FAVORITE passtime of the Bryanite
press is the waste of much good space in
attempting to show that Democracy is
not discouraged by defeat. It shouldn't
be. It has had some experience in that
line.

If General Weyler is to be super-
ceded by General Pando, even the best
friends of the new commander will be
unable to say it is an improvement in
the personal appearance of the govern-
ing power.

CUBA is making a glorious fight for
liberty and deserves the sympathy so
general in the United States. If Weyler
is driven back to Havana, defeated and
dishonored, there will be thousands of
free Americans to cheer in gladness for
the Cuban victory.

MR. DINGLEY shows his good sense by
advocating some tariff measure other
than the emergency bill he introduced
at the last session of congress. He
knows the people have elected a Republi-
can congress, and expect that congress
to do business on Republican lines.

THOSE gold Democrats, who are hunt-
ing so hard for official recognition from
Major McKinley, forget the nasty things
they said of Mr. Cleveland when he
passed by a few of his old Democratic
friends and chose Mr. Gresham for a
place in his cabinet. Consistency is a
good thing even in politics.

THAT'S RIGHT.

It is generally understood that there
is no controversy between the Chester
and East Liverpool street railway com-
pany and the members of council, and
that the ordinance, when finally revised
and ready for the statute books, will
contain no provision which will not
meet with the approval of those parties
directly interested. Leading councilmen
have disclaimed any desire to shut out
enterprise of any kind, and have ex-
pressed themselves as willing and
anxious to do all within their power to
foster any move having for its object
the advancement and progress of the
city. And this is right. In the prosperity
sure to come to this place within the
next few years, can easily be seen an ad-
vancement that cannot but bring East
Liverpool from its present position to a
place in the front rank of Ohio's enter-
prising cities. We will need such things
as electric lines, and their benefit will
be felt by every class of people. Coun-
cil is making a good step in the right
direction when it resolves to advance
even a little farther, and not only refuse
to put an obstacle in the road of
progress, but to aid in every legitimate
way in helping it forward.

DEPENDS ON SHERMAN.

Whether Hanna Is a Cabinet
Member or Senator.

HE PREFERS THE LATTER JOB.

Major McKinley Wants Him For Secre-
tary of the Treasury—Will Offer Sher-
man the State Portfolio—Boutelle to Be
Secretary of the Navy.

CLEVELAND, Nov. 24.—A close friend
of Chairman Hanna has explained
under what circumstances Mr. Hanna
would accept a place in the cabinet.
"Mr. Hanna," he said, "will either go
into the cabinet or he will be the next
Republican United States senator from
Ohio. Mr. Hanna's course must be de-
cided by Senator John Sherman. Both
the chairman and Mr. McKinley un-
derstands that, and they are waiting
to learn what position Mr. Sherman
will take. Mr. McKinley wants Mr.
Hanna to accept the treasury portfolio,
but Mr. Hanna has other aspirations.
He believes it would be a greater honor
to be senator from Ohio.

"But Senator Sherman stands in the
way of that. Mr. McKinley will offer
Senator Sherman the position of secre-
tary of state, and if he declines to go
into the cabinet, then Mr. Hanna will
accept the position of secretary of the
treasury. Should Mr. Sherman decide,
however, to become one of President
McKinley's advisers, thus vacating his
seat in the senate, Mr. Hanna will
become his successor. Mr. McKinley will

CONGRESSMAN BOUTELLE

not decide on his course until he learns
exactly what position Senator Sherman
will take."

This same friend of Mr. Hanna said
that it had practically been decided that
Congressman Boutelle of Maine would
be the secretary of the navy. Despite
the fact that both General Miles and
Colonel Fred Grant held a conference
with Mr. McKinley, neither of them,
says this gentleman, will get the por-
tfolio of war.

TROOP AS ESCORT.

Cleveland Soldiers Will Escort McKinley
at the Inauguration.

CLEVELAND, Nov. 24.—It is officially
announced that Troop A, Ohio National
Guard, of this city, will act as the mil-
itary escort of President-elect McKinley
at the inauguration ceremonies in
Washington. The troop tendered its
services before election and it is hinted
that they were accepted then, provision-
ally of course. Troop A, which was
until recently an independent organiza-
tion under the name of the first Cleve-
land troop, is one of the finest military
bodies in the country, and probably
embodies the most wealth in its mem-
bership.

It is splendidly equipped and well
drilled. In fact it has elicited expres-
sions of admiration from regular army
cavalry officers wherever it has been
seen. Certainly it will bear well the
honor bestowed upon it.

GLADSTONE'S INDIGNATION

He Condemns Envoys' Inactivity Toward
Turkey in a Letter.

NEW YORK, Nov. 24.—A letter to the
national Armenian relief committee
has been received from the Rt. Hon.
William E. Gladstone. He says:

"I rejoice that the great and boun-
tiful people of your country are endeavor-
ing, through the relief fund, to miti-
gate, as far as they can, some of the
consequences of the great assassin.

"This is something, not much, for
Europe and civilization still remain un-
der the disgraceful reproach of having
coldly tolerated a series of outrages per-
petrated by the most monstrous known to his-
tory; and according to the latest ac-
count, one of the powers seems, after
the innumerable falsehoods of the sul-
tan, still to accept his trivial and worth-
less assurances, and even to be flattered
by them."

A Nation of Medicine Takers.

It is an accepted fact that the Ameri-
can people are the greatest users of
medicines of one sort or another on the
face of the earth. Imaginary ills make
up a large part of man's earthly troubles.

Some people need only to read the
vivid description of some chronic disease
and they are at once victims to the com-
plaint in question. Many patent med-
icine vendors make use of this peculiarity
and lead some people to believe that
their tired feeling comes from their blood
not being rich and red. Millions would
be saved and our general health would
be better if we would take medicine only
when really needed and then get a re-
medy specially prepared for the disease
with which we are suffering.

As an illustration, when you have
sore throat, there can't be any imagina-
tion about it. Your throat hurts;
probably is covered with white ulcer-
ated spots, and you know you need a
remedy. Use good judgment. Get a
cure put up for this one purpose.
There is such a remedy. Tonsiline is
its name, and it is a wonder in its
field. Being put up for this one class
of diseases, it cures quickly, surely,
and many times as by magic. No family
can afford to be without Tonsiline in
the home, as it is a certain cure for
Sore Throat, Sore Mouth, Croup and
Quinsy. Ask your neighbors who
have used it. All druggists sell Ton-
siline. 25 and 50 cents.

TO WRECK THE SANTA FE.

This Was the Animals' Back of the Re-
cent suit.

TOPEKA, Nov. 24.—The Atchison, To-
peka and Santa Fe railroad company
has filed in the United States circuit
court depositions of St. Louis men and
others to substantiate its charges of a
conspiracy to bear the stock of that
road, and Judge B. B. Johnson of To-
peka, formerly law partner of Henry
Keeler, made affidavit to an interview,
in which Keeler outlined the proposed
plan of action against the Santa Fe.
On the morning of the election, he de-
clared, Keeler visited him and made
the revelation after swearing him to
secrecy.

He stated that suit could be instituted
against the Santa Fe on the relation of
the county attorney of Jefferson county
and that arrangements had been made
some weeks before with Mr. Phinney
and Judge Louis A. Myers, for the
court to meet in Oklahoma the day after
election to receive the petition. Keeler
had also declared Charles Johnson
would be appointed receiver. This
would be done, the attorney declared,
for the purpose of creating a fluctuation
in stocks. A visit to New York was
outlined for Keeler, and the trip was
made. One of the effects of the New
York expedition had been the determi-
nation of Henry Wollman of Kansas
City, to intervene as a bondholder, for
the alleged purpose of assisting the
general demoralization of the road.

Similar affidavits were presented con-
taining testimony of C. D. French and
J. K. Davidson, Kansas City stock-
brokers. Both had received advance
notice of the probable fall in Santa Fe
stocks. The suit was brought nomina-
lly under the guise of action by the
state.

INSANE PATIENTS MALTREATED.

A Startling Report Made to the Ver-
mont Legislature.

MONTPELIER, Vt., Nov. 24.—The
special committee which was appointed
some time ago to investigate the man-
agement of the state institutions for
insane at Waterbury has made its re-
port to the legislature. It severely
scores the state supervisors for the in-
sane, Dr. W. H. Giddings, superintendent
of the asylum, and others.

The report says the food furnished
was insufficient in quantity and in-
ferior in quality.

The report finds that Dr. Giddings
himself strapped and choked patients.
It further finds that patients were kept
in a nude condition in rooms barren of
furniture and having cement floors.
These patients were allowed no rugs,
and the rooms, the report charges, were
unheated in cold weather.

APPEALS FOR ARMENIANS.

Miss Willard Asks For Holiday Cel-
ebrations For Them.

CASTLE, N. Y., Nov. 24.—The follow-
ing appeal has been issued on behalf of
the Armenians by Miss Francis E.
Willard:

"Four hundred Armenian refugees
were sent at different times by Lady
Henry Somerset and me from Mar-
seilles. Almost without exception these
will have found homes by Thanksgiving
day collections and Christmas and New
Years moneys for these shelterless and
starving ones. Please send to Mrs.
Helen M. Barker, treasurer of the Na-
tional W. C. T. U., the Temple, Chi-
cago. They give twice who give
quickly."

Judge Nott Promoted.

WASHINGTON, Nov. 24.—The presi-
dent has filled the vacancy in the chief
justiceship of the court of claims
caused by the death of Judge Richard-
son by the promotion of Judge Charles
C. Nott, now a member. The latter's
place was filled by the appointment of
Charles E. Howry, who now holds a
position of assistant attorney general
in the department of justice.

Democrats Gain a Congressman.

RICHMOND, Nov. 24.—The Democrats
gain an additional congressman in Vir-
ginia by the action of the state board
of canvassers, which gave the certifi-
cate to Flood in the Tenth district,
owing to the fact that the Buckingham
county returns were returned for Jacob
Yost, when the other returns were for
J. Yost. This gave Flood a plurality.

Thirty-Five Saved, Eight Lost.

POINT ARENA, CAL., Nov. 24.—The re-
mainder of the crew on the wrecked
steamer San Benito have been rescued
by a boat and transferred to the steamer
Wescott. The survivors, numbering 25,
were taken to Mendocino. The steamer
San Benito will be a total loss. Thirty-
five men were saved and eight lost.

Candidates Protests Refused.

COLUMBIA, S. C., Nov. 24.—Republi-
can candidates for congress in the last
election filed protests with the board of
canvassers against awarding the certi-
ficates to their Democratic opponents,
alleging that the registration law is un-
constitutional, but the board overruled
each case.

Pleasure Yacht Blew Up.

CAIRO, Ill., Nov. 24.—The steam
launch Pilot, on which C. Bryan, J. M.
Mitchell, C. M. Peterson and Daniel
O'Daly, all of Chicago, were preparing
to take a pleasure trip to New Orleans,
has blown up. Mitchell is dying and
Bryan is seriously scalded and the other
two are hurt.

Claims Twelve of the Electors.

LOUISVILLE, Nov. 24.—Secretary Rich-
ardson, of the Democratic state cam-
paign committee, claims that irregulari-
ties have been discovered affecting

12 of the Democratic electors.

Slavery in the New Hebrides.

SYDNEY, N. S. W., Nov. 24.—Reports
have been received from New Hebrides
islands, lying west of Fiji, that the na-
tives are being sold like sheep for from
£6 to £10 per head and that many are
subjected to great cruelties.

Lost Her Foot Through X Rays.

HIAWATHA, Kan., Nov. 24.—Miss
Carrie Libensgood, who submitted to an
X ray test of her foot, has had to have
her foot amputated at the ankle as a re-
sult of the experiment. Abscess after
abscess formed.

New Jersey Battle Monument.

CHATTANOOGA, Nov. 24.—The New
Jersey monument on Chickamauga bat-
tlefield has been dedicated and turned
over to the national commissioners.

ONE LOVER IN A CLOSET.

Almost Suffocated, While His Sweetheart
Talked to the Other.

PORTSMOUTH, O., Nov. 24.—Miss Irene
Luther, the belle of Back Run, in
Northern Scioto county, has two suitors,
Vernon Roller and Henry Brame. By
some mischance both arranged to call
the same evening. Roller arrived first
and was there but a short time when
his rival reached the house.

To avoid a scene, Roller was hidden
in a closet until Brame should leave.
Irene forgot Roller while listening to
Brame. Meantime Roller succumbed to
the close and stifling air of the little
closet, and was found insensible by
Miss Luther when she remembered his
presence. It became necessary to sum-
mon Dr. T. J. Pyle to resuscitate him.

BRYAN ASKED TO ATTEND.

Columbus Democrats to Celebrate St.
Jackson's Day in Grand Style.

COLUMBUS, Nov. 24.—A movement
has been set on foot among the mem-
bers of the Jackson club to celebrate St.
Jackson's Day, Jan. 8, on a grander
scale than ever before attempted in this
city.

Among the distinguished guests ex-
pected to be present at the banquet and
to whom invitations have already been
sent, are Hon. William J. Bryan, Hon.
J. K. Jones of Arkansas, Governor
Stone of Missouri, and Hon. Daniel J.
Campau of Michigan.

Milo B. Stevens Dead.

CLEVELAND, Nov. 24.—Milo B. Stevens,
one of the best known pension attor-
neys in the United States, has died
at his home, 578 Cedar avenue, aged 58.
Mr. Stevens ever since the close of the
war was known far and wide as a pen-
sion attorney, having been at the head
of the firm of Milo B. Stevens & Co.,
with the principal office in the Glover
building, Washington, and branches in
this city, Detroit and Chicago. The
immediate cause of death was ery-
sipelas.

Convicts Not Able to Do It.

COLUMBUS, Nov. 24.—The large con-
tract which eastern contractors some
time ago were trying to arrange with
the penitentiary board, by which a
large number of idle convicts would be
put to work, has fallen through, so
Warden Coffin says. There are not
enough able-bodied men among the 700
or 800 idle prisoners to fill a contract re-
quiring 300 convicts. At present there
is no work which they are fit to do
which can be given them.

Fighting in Insurgent Artillery.

SPRINGFIELD, O., Nov. 24.—A letter
has been received at New Carlisle from
Frank Funston, son of ex-Congress-
man E. H. Funston of Kansas, stating
that the former is an artillery captain
in the Cuban army, and that he has
been engaged in several hot battles in
Puerto Principe. He says there are a
number of Americans in his company
and that the insurgents will win.

Made a Great Dive.

CLEVELAND, Nov. 24.—Kearney P.
Sheedy, the well-known high diver,
has plunged from the Superior street
viaduct into the river, 81 feet. He was
not injured and was probably not nearly
so frightened as some persons among
the big crowd who witnessed his dive.
He landed with a splash, but arose im-
mediately and was picked up by a small
boat in readiness.

Fight Among Foreigners.

CLEVELAND, Nov. 24.—Almost the
entire population living on Franklin
avenue hill, composed largely of Slavs
and Hungarians, with the exception of
the women and the babies, turned out
en masse in an effort to cut, stab and
slash each others' heads. The fight
started over a trivial matter. A num-
ber were wounded.

Prisoners Now at Large.

UPPER SANDUSKY, O., Nov. 24.—All
the prisoners in the Wyandot county
jail escaped and are now at large. It
is supposed that some one gave them
the key by which the lock was picked.
Henry Sydney Wallace, a bigamist,
was one of them, and David Gooden
and Henry Stevens, charged with bur-
glary, are others.

May Squeeze Small Manufacturers.

CLEVELAND, Nov. 24.—It is announced
that beginning today the wire nail pool
will discontinue paying subsidies to the
wire manufacturers to keep them out of
the market. It is believed that this in-
dicates the intention on the part of the
pool to crowd the small wire nail man-
ufacturers out of the field.

piller, his friend, in the Windsor hotel
here.

Rain Falls in India.

CALCUTTA, Nov. 24.—Rain has fallen
in most of the districts of Bengal and
has improved the crop prospects. If the
rain continues immediate danger of a
severe famine will be averted.

QUEER BULLETS.

Nuggets of Gold and Wooden Slugs Used
by Hunters in Emergencies.

When a hunter in the old days lost
all his bullets or hadn't any to shoot
with, he usually devised substitutes
that on occasion served the purpose
well. All sorts of things have been fired
at game or Indians, as the case might
be. Old Hank Ellison, living up in Jef-
ferson county, N. Y., told his dying
day how he was cooped up by Indians
out west once with a little lead, lots of
powder, a belt full of gold nuggets, a
fine rifle and a bullet mold. It was on
the top of a knoll where his log cabin
had been built, and he had a barrel of
water and a lot of wood for emer-
gencies. The Indians kept just out of
range, dashing in once in awhile to
draw his fire. He soon used his bullets
up and then used the gold. He fired
nearly half his fortune at the redskins
before they left him.

Many a hunter has used a pebble in
the hope of getting a close deadly shot.
Jackknives and ramrods have served
their time as missiles. Forest and
Stream tells about a hunter who had
only a single bullet, but lots of powder.
The bullet shot the horn of a big buck
off, and the buck charged the man, who
took to a tree top. He spent half an
hour whittling off two inch lengths of
branches and putting them into his rifle.
Then he rammed them down on the
powder and fired at the maddened deer.
His partner came along after awhile
with a belt full of bullets and, mak-
ing a run for the tree, gave a bullet to
the shooter, who quickly killed the
deer.—New York Sun.

ITALY MUST GIVE HIM UP

She Impressed Into the Army a Natural-
ized American Citizen.

CHICAGO, Nov. 24.—About three
months ago Street Foreman Antonio
Constantino, a naturalized American,
visited Italy, his native land, taking
with him his family. There he was im-
pressed into the army, the authorities
refusing to recognize his passport or
naturalization papers.

He was granted a furlough and im-
mediately returned to America, leaving
his family behind. He was told by the
commissioner that his passport protected
him from impressment in the Italian
army, and he will endeavor to have the
department of state investigate the
matter.

CUBA is making a glorious fight for liberty and deserves the sympathy so general in the United States. If Weyler is driven back to Havana, defeated and dishonored, there will be thousands of free Americans to cheer in gladness for the Cuban victory.

MR. DINGLEY shows his good sense by advocating some tariff measure other than the emergency bill he introduced at the last session of congress. He knows the people have elected a Republican congress, and expect that congress to do business on Republican lines.

THOSE gold Democrats, who are hunting so hard for official recognition from Major McKinley, forget the nasty things they said of Mr. Cleveland when he passed by a few of his old Democratic friends and chose Mr. Gresham for a place in his cabinet. Consistency is a good thing even in politics.

THAT'S RIGHT.

It is generally understood that there is no controversy between the Chester and East Liverpool street railway company and the members of council, and that the ordinance, when finally revised and ready for the statute books, will contain no provision which will not meet with the approval of those parties directly interested. Leading councilmen have disclaimed any desire to shut out enterprise of any kind, and have expressed themselves as willing and anxious to do all within their power to foster any move having for its object the advancement and progress of the city. And this is right. In the prosperity sure to come to this place within the next few years, can easily be seen an advancement that cannot but bring East Liverpool from its present position to a place in the front rank of Ohio's enterprising cities. We will need such things as electric lines, and their benefit will be felt by every class of people. Council is making a good step in the right direction when it resolves to advance even a little farther, and not only refuse to put an obstacle in the road of progress, but to aid in every legitimate way in helping it forward.

DEPENDS ON SHERMAN.

Whether Hanna Is a Cabinet Member or Senator.

HE PREFERS THE LATTER JOB.

Major McKinley Wants Him For Secretary of the Treasury—Will Offer Sherman the State Portfolio—Bouteille to Be Secretary of the Navy.

CLEVELAND, Nov. 24.—A close friend of Chairman Hanna has explained under what circumstances Mr. Hanna would accept a place in the cabinet. "Mr. Hanna," he said, "will either go into the cabinet or he will be the next Republican United States senator from Ohio. Mr. Hanna's course must be decided by Senator John Sherman. Both the chairman and Mr. McKinley understand that, and they are waiting to learn what position Mr. Sherman will take. Mr. McKinley wants Mr. Hanna to accept the treasury portfolio, but Mr. Hanna has other aspirations. He believes it would be a greater honor to be senator from Ohio.

"But Senator Sherman stands in the way of that. Mr. McKinley will offer Senator Sherman the position of secretary of state, and if he declines to go into the cabinet, then Mr. Hanna will accept the position of secretary of the treasury. Should Mr. Sherman decide, however, to become one of President McKinley's advisers, thus vacating his seat in the senate, Mr. Hanna will become his successor. Mr. McKinley will

CONGRESSMAN BOUTELLE

not decide on his course until he learns exactly what position Senator Sherman will take."

This same friend of Mr. Hanna said that it had practically been decided that Congressman Bouteille of Maine would be the secretary of the navy. Despite the fact that both General Miles and Colonel Fred Grant held a conference with Mr. McKinley, neither of them, says this gentleman, will get the portfolio of war.

TROOP A AS ESCORT.

Cleveland Soldiers Will Escort McKinley at the Inauguration.

CLEVELAND, Nov. 24.—It is officially announced that Troop A, Ohio National Guard, of this city, will act as the military escort of President-elect McKinley at the inauguration ceremonies in Washington. The troop tendered its services before election and it is hinted that they were accepted then, provisionally of course. Troop A, which was until recently an independent organization under the name of the first Cleveland troop, is one of the finest military bodies in the country, and probably embodies the most wealth in its membership.

It is splendidly equipped and well drilled. In fact it has elicited expressions of admiration from regular army cavalry officers wherever it has been seen. Certainly it will bear well the honor bestowed upon it.

GLADSTONE'S INDIGNATION

He Condemns Envoys' Inactivity Toward Turkey in a Letter.

NEW YORK, Nov. 24.—A letter to the national Armenian relief committee has been received from the Rt. Hon. William E. Gladstone. He says:

"I rejoice that the great and bountiful people of your country are endeavoring, through the relief fund, to mitigate, as far as they can, some of the consequences of the great massacre."

"This is something, not much, for Europe and civilization still remain under the disgraceful reproach of having coldly tolerated a series of outrages perhaps the most monstrous known to history; and according to the latest account, one of the powers seems, after the innumerable falsehoods of the Sultan, still to accept his trivial and worthless assurances, and even to be flattered by them."

A Nation of Medicine Takers.

It is an accepted fact that the American people are the greatest users of medicines of any sort or another on the face of the earth. Imaginary ills make up a large part of man's earthly troubles.

Some people need only to read the vivid description of some chronic disease and they are at once victims to the complaint in question. Many patent medicine vendors make use of this peculiarity and lead some people to believe that their tired feeling comes from their blood not being rich and red. Millions would be saved and our general health would be better if we would take medicine only when really needed and then get a remedy specially prepared for the disease with which we are suffering.

As an illustration, when you have sore throat, there can't be any imagination about it. Your throat hurts; probably is covered with white ulcerated spots, and you know you need a remedy. Use good judgment. Get a cure put up for this one purpose. There is such a remedy. Tonsiline is its name, and it is a wonder in its field. Being put up for this one class of diseases, it cures quickly, surely, and many times as if by magic. No family can afford to be without Tonsiline in the home, as it is a certain cure for Sore Throat, Sore Mouth, Croup and Quinsy. Ask your neighbors who have used it. All druggists sell Tonsiline. 35 and 50 cents.

TO WRECK THE SANTA FE.

This Was the Animus Back of the Recent Suit.

TOPEKA, Nov. 24.—The Atchison, Topeka and Santa Fe railroad company has filed in the United States circuit court depositions of St. Louis men and others to substantiate its charges of a conspiracy to bear the stock of that road, and Judge B. B. Johnson of Topeka, formerly law partner of Henry Keeler, made affidavit to an interview, in which Keeler outlined the proposed plan of action against the Santa Fe. On the morning of the election, he declared, Keeler visited him and made the revelation after swearing him to secrecy.

He stated that suit could be instituted against the Santa Fe on the relation of the county attorney of Jefferson county and that arrangements had been made some weeks before with Mr. Phinney and Judge Louis A. Myers, for the court to meet in Oskaloosa the day after election to receive the petition. Keeler had also declared Charles Johnson would be appointed receiver. This would be done, the attorney declared, for the purpose of creating a fluctuation in stocks. A visit to New York was outlined for Keeler, and the trip was made. One of the effects of the New York expedition had been the determination of Henry Wollman of Kansas City, to intervene as a bondholder, for the alleged purpose of assisting the general demoralization of the road.

Similar affidavits were presented containing testimony of C. D. French and J. K. Davidson, Kansas City stockbrokers. Both had received advance notice of the probable fall in Santa Fe stocks. The suit was brought nominally under the guise of action by the state.

INSANE PATIENTS MALTREATED.

A Startling Report Made to the Vermont Legislature.

MONTPELIER, Vt., Nov. 24.—The special committee which was appointed some time ago to investigate the management of the state institutions for insane at Waterbury has made its report to the legislature. It severely scores the state supervisors for the insane, Dr. W. H. Giddings, superintendent of the asylum, and others.

The report says the food furnished was insufficient in quantity and inferior in quality.

The report finds that Dr. Giddings himself strapped and choked patients. It further finds that patients were kept in a nude condition in rooms barren of furniture and having cement floors. These patients were allowed no rugs, and the rooms, the report charges, were unheated in cold weather.

Barker, treasurer of the National W. C. T. U., the Temple, Chicago. They give twice who give quickly."

Nott, now a member. The latter's place was filled by the appointment of Charles E. Howry, who now holds a position of assistant attorney general in the department of justice.

Democrats Gain a Congressman.

RICHMOND, Nov. 24.—The Democrats gain an additional congressman in Virginia by the action of the state board of canvassers, which gave the certificate to Flood in the Tenth district, owing to the fact that the Buckingham county returns were returned for Jacob Yost, when the other returns were for J. Yost. This gave Flood a plurality.

Almost Suffocated, While His Sweetheart Talked to the Other.

PORTSMOUTH, O., Nov. 24.—Miss Irene Lather, the belle of Back Run, in Northern Scioto county, has two suitors, Vernon Roller and Henry Brame. By some mischance both arranged to call the same evening. Roller arrived first and was there but a short time when his rival reached the house.

To avoid a scene, Roller was hidden in a closet until Brame should leave. Irene forgot Roller while listening to Brame. Meantime Roller succumbed to the close and stifling air of the little closet, and was found insensible by Miss Lather when she remembered his presence. It became necessary to summon Dr. T. J. Pyle to resuscitate him.

CLEVELAND, Nov. 24.—Milo B. Stevens, one of the best known pension attorneys in the United States, has died at his home, 578 Cedar avenue, aged 55. Mr. Stevens ever since the close of the war was known far and wide as a pension attorney, having been at the head of the firm of Milo B. Stevens & Co., with the principal office in the Glover building, Washington, and branches in this city, Detroit and Chicago. The immediate cause of death was erysipelas.

Convicts Not Able to Do It.

COLUMBUS, Nov. 24.—The large contract which eastern contractors some time ago were trying to arrange with the penitentiary board, by which a large number of idle convicts would be put to work, has fallen through, so Warden Coffin says. There are not enough able-bodied men among the 700 or 800 idle prisoners to fill a contract requiring 300 convicts. At present there is no work which they are fit to do which can be given them.

Fighting In Insurgent Artillery.

SPRINGFIELD, O., Nov. 24.—A letter has been received at New Carlisle from Frank Funston, son of ex-Congressman E. H. Funston of Kansas, stating that the former is an artillery captain in the Cuban army, and that he has been engaged in several hot battles in Puerto Principe. He says there are a number of Americans in his company and that the insurgents will win.

Made a Great Dive.

CLEVELAND, Nov. 24.—Kearney P. Sheedy, the well-known high diver, has plunged from the Superior street viaduct into the river, 81 feet. He was not injured and was probably not nearly so frightened as some persons among the big crowd who witnessed his dive. He landed with a splash, but arose immediately and was picked up by a small boat in readiness.

Fight Among Foreigners.

CLEVELAND, Nov. 24.—Almost the entire population living on Franklin Avenue hill, composed largely of Slavs and Hungarians, with the exception of the women and the babies, turned out en masse in an effort to cut, stab and slash each others' heads. The fight started over a trivial matter. A number were wounded.

May Squeeze Small Manufacturers.

QUEER BULLETS.

Nuggets of Gold and Wooden Slugs Used by Hunters in Emergencies.

When a hunter in the old days lost all his bullets or hadn't any to shoot with, he usually devised substitutes that on occasion served the purpose well. All sorts of things have been fired at game or Indians, as the case might be. Old Hank Ellison, living up in Jefferson county, N. Y., told his dying day how he was cooped up by Indians on west once with a little lead, lots of powder, a bolt full of gold nuggets, a fine rifle and a bullet mold. It was on the top of a knoll where his log cabin had been built, and he had a barrel of water and a lot of wood for emergencies. The Indians kept just out of range, dashing in once in awhile to draw his fire. He soon used his bullets up and then used the gold. He fired nearly half his fortune at the redskins before they left him.

Many a hunter has used a pebble in the hope of getting a close deadly shot. Jackknives and ramrods have served their time as missiles. Forest and Stream tells about a hunter who had only a single bullet, but lots of powder. The bullet shot the horn of a big buck, and the buck charged the man, who took to a tree top. He spent half an hour whittling off two inch lengths of branches and putting them into his rifle. Then he rammed them down on the powder and fired at the maddened deer. His partner came along after awhile with a belt full of bullets and, making a run for the tree, gave a bullet to the shooter, who quickly killed the deer.—New York Sun.

WEYLER IN HAVANA.

It May Be That He Has Been Recalled.

GEN. GOMEZ IN FIGHTING TRIM.

The Rebel Leader Has Recovered From His Illness and Again Heads His Troops—Weyler Visits Along the Trocha—Spain Wants Satisfaction.

HAVANA, Nov. 24.—Captain General Weyler has arrived here on board the cruiser Legazpi from Mariel. It may be that he is to be recalled owing to his failure to crush the rebellion.

Weyler gives no excuse, it is said, except that it is too hot and unhealthy to do any fighting.

It is openly asserted in Havana that Weyler became frightened because Maceo had set a price upon his head for his capture.

It is also stated in the cablegram that Weyler's recall is assured now, as the Spanish government is incensed against him for his dilatory tactics.

NEW YORK, Nov. 24.—The protracted silence of Commander-in-Chief Maximiliano Gomez, of the Cuban army, which had caused considerable anxiety among Cubans here as to his safety, has at last been broken, and the junta in this city has received a communication from him.

In this communication, which comes from Las Villas, Santa Clara province, General Gomez says that he has at his command 35,000 well equipped men, and with these he intends to proceed to Havana province. The commander-in-chief writes that on account of the bad condition of the roads it took this force of men 12 hours to pass a certain point. General Gomez adds that he is in good health, as are his men, and has every hope of victory.

SPAIN MUCH OFFENDED.

The Minister Instructed to Object to Deliberate Soldiers' Action.

WASHINGTON, Nov. 24.—Minister Dupuy de Lome of Spain has not yet called at the state department to present a protest against the burning of the Spanish flag by students at New Castle, Del., as Madrid cables state he is instructed to do. If a protest is made it will follow the usual course in such cases, and be referred to the Delaware authorities for explanation of the facts. If these disclose a substantial indignity the federal government would make any apology deemed desirable.

But as a rule the pranks of students have been construed as an indignity requiring no apology. Both Secretary Olney and the Spanish minister took this view of the student outbreaks at Barcelona, Spain, and at one of the American colleges some time ago, and while there were expressions of regret at the episodes, there were no formal apologies. A recent alleged indignity to the American flag in a Canadian town has been passed over in the same way.

MARIEL, Nov. 24.—The Spanish minister at Washington, Senor Dupuy de Lome, has been instructed to complain strongly at the flag incident at New Castle, Del., on Wednesday last, upon which occasion a number of young men in the army of Company H of the state militia tore down the Spanish flag and set fire to it.

WEYLER BOARDS A CRUISER.

He Spends Some Time Along the Trocha at Artemisa.

HAVANA, Nov. 24.—Captain General Weyler has arrived at Artemisa from Mangas. News was received at Artemisa that the cruiser Legazpi had arrived at Mariel, the port at the northern extremity of the military line across the province of Pinar del Rio, with instructions to her commander to place his vessel at the disposal of the captain general.

Later General Weyler entered Artemisa with the columns commanded by Generals Aguilar and Arolas. He wore a field uniform with a panama hat, and rode a black horse. He put up at the house of a prominent citizen, whose large garden enabled the Spanish commander to receive the staff officers and others and transmit orders to various directions. There he also transacted considerable business with his chief of staff.

The captain general was received on arrival at Artemisa by the town authorities, crowds of people and bands of music. Trumpets were sounded and the bells were rung in his honor.

After visiting the military hospitals and breakfasting, the captain general started for Mariel.

MUST ACT REGARDING CUBA.

Senator Lindsay Expects a Decisive Move by Congress.

FRANKFORT, Ky., Nov. 24.—United States Senator William Lindsay, a administration man, expects decisive action on the part of congress regarding Cuba at the approaching session. In an interview he says:

"The revolution now in progress in Cuba must result in the independence of the island or in the practical extermination of the Cuban people."

Continuing, the senator says: "Humanity demands that the useless destruction of property and the cruel waste of human life should come to an end. If negotiation with Spain will not avail, then there should be intervention. In this movement the United States must take the lead."

WILL HAVE TO FIGHT EUROPE.

A Paris Paper's Threat If We Attack Spain.

PARIS, Nov. 24.—The Figaro, commenting upon the relations between the United States and Spain on the Cuban question, says:

"The American newspapers, which are egging the United States to war with Spain, should reflect that war with Spain means war with Europe; and in the interest of the United States itself it is to be hoped that this eventuality will not arise."

WEYLER IN HAVANA.

It May Be That He Has Been Recalled.

GEN. GOMEZ IN FIGHTING TRIM.

The Rebel Leader Has Recovered From His Illness and Again Heads His Troops - Weyler Visits Along the Trocha - Spain Wants Satisfaction.

HAVANA, Nov. 24.—Captain General Weyler has arrived here on board the cruiser Legazpi from Mariel. "It may be that he is to be recalled owing to his failure to crush the rebellion. Weyler gives no excuse, it is said, except that it is too hot and unhealthy to do any fighting.

MAXIMO GOMEZ.

It is openly asserted in Havana that Weyler became frightened because Macao had set a price upon his head for his capture.

It is also stated in the cablegram that Weyler's recall is assured now, as the Spanish government is incensed against him for his dilatory tactics.

NEW YORK, Nov. 24.—The protracted silence of Commander-in-Chief Maximilian Gomez, of the Cuban army, which had caused considerable anxiety among Cubans here as to his safety, has at last been broken, and the junta in this city has received a communication from him.

In this communication, which comes from Las Villas, Santa Clara province, General Gomez says that he has at his command 35,000 well equipped men, and with these he intends to proceed to Havana province. The commander-in-chief writes that on account of the bad condition of the roads it took this force of men 12 hours to pass a certain point. General Gomez adds that he is in good health, as are his men, and has every hope of victory.

SPAIN MUCH OFFENDED.

The Minister Instructed to Object to Deliberate Soldiers' Action.

WASHINGTON, Nov. 24.—Minister Dupuy de Lome of Spain has not yet called at the state department to present a protest against the burning of the Spanish flag by students at New Castle, Del., as Madrid cables state he is instructed to do. If a protest is made it will follow the usual course in such cases, and be referred to the Delaware authorities for explanation of the facts. If these disclose a substantial indignity the federal government would make any apology deemed desirable.

But as a rule the pranks of students have been construed as an indignity requiring no apology. Both Secretary Olney and the Spanish minister took this view of the student outbreaks at Barcelona, Spain, and at one of the American colleges some time ago, and while there were expressions of regret at the episodes, there were no formal apologies. A recent alleged indignity to the American flag in a Canadian town has been passed over in the same way.

MADRID, Nov. 24.—The Spanish minister at Washington, Senor Dupuy de Lome, has been instructed to complain strongly at the flag incident at New Castle, Del., on Wednesday last, upon which occasion a number of young men in the army of Company H of the state militia tore down the Spanish flag and set fire to it.

WEYLER BOARDS A CRUISER.

He Spends Some Time Along the Trocha at Artemisa.

HAVANA, Nov. 24.—Captain General Weyler has arrived at Artemisa from Mangas. News was received at Artemisa that the cruiser Le Gazpi had arrived at Mariel, the port at the northern extremity of the military line across the province of Pinar del Rio, with instructions to her commander to place his vessel at the disposal of the captain general.

Later General Weyler entered Artemisa with the columns commanded by Generals Aguilar and Arolas. He wore a field uniform with a Panama hat, and a black horse. He put up at the house of a prominent citizen, whose large garden enabled the Spanish commander to receive the staff officers and others and transmit orders in various directions. There he also transacted considerable business with his chief of staff.

The captain general was received on arrival at Artemisa by the town authorities, crowds of people and bands of music. Trumpets were sounded and the bells were rung in his honor.

After visiting the military hospitals and breakfasting, the captain general started for Mariel.

WASHINGTON, Nov. 24.—Mrs. H. P. Kersey, the mother of Matt Kersey of Alexandria, Va., who is supposed to be locked up in a Cuban prison, has received a letter from Secretary of State Olney in which he states that the department has forwarded all the papers in the case to the consul at Gbarra with instructions to investigate the matter thoroughly.

Senator Lindsay Expects a Decisive Move by Congress.

FRANKFORT, Ky., Nov. 24.—United States Senator William Lindsay, a administration man, expects decisive action on the part of congress regarding Cuba at the approaching session. In an interview he says:

"The revolution now in progress in Cuba must result in the independence of the island or in the practical extermination of the Cuban people." Continuing, the senator says: "Humanity demands that the useless destruction of property and the cruel waste of human life should come to an end. If negotiation with Spain will not avail, then there should be intervention. In this movement the United States must take the lead."

WILL HAVE TO FIGHT EUROPE.

A Paris Paper's Threat If We Attack Spain.

PARIS, Nov. 24.—The Figaro, commenting upon the relations between the United States and Spain on the Cuban question, says:

"The American newspapers, which are egging the United States to war with Spain, should reflect that war with Spain means war with Europe; and in the interest of the United States itself it is to be hoped that this eventuality will not arise."

THEY WILL SOON ORGANIZE

Then the Project Will Be Given Another Impetus—Plans for the Future—The Ladies Hope to Make Great Progress Next Year.

The ladies of the hospital association have advanced another step, and with the trustees all elected expect to move forward more rapidly than ever.

A meeting was held in the parlors of the Young Men's Christian Association yesterday afternoon, and the vote for trustees was taken. Candidates were selected at a meeting several weeks ago, and it did not take long to name the fortunate ladies. The election resulted in the selection of Mrs. R. B. Stevenson, Mrs. Monroe Patterson, Mrs. William Erlanger, three years; Mrs. William Cartwright, Miss Hazlett, Mrs. Riley McKinnon for two years; Mrs. Esther Thomas, Mrs. Colclough, Mrs. Charles Hanley, one year. The male members of the board are Robert Hall, Colonel Hill, Colonel Taylor, Harry Keiffer, Robert Burford, William Andrews. A committee was appointed to notify the trustees of their selection, and a report will be made at the next meeting. The trustees will organize without delay, and the work of the association will go on. The ladies are forming plans for the future, and hope to make great progress next year.

TRIED TO KILL A GUARD

The Prison Demon Broke Out Once More.

HE HAD A DANGEROUS KNIFE

The Terror Was Being Taken From His Cell, in Order That It Be Cleaned, When He Made the Attack, but There Were Too Many Men About Him.

COLUMBUS, Nov. 24.—[Special.]—Ira Marlatt, the Columbian convict who is the terror of the penitentiary, made another assault upon the officials yesterday. He did not succeed in injuring any of them, but was prevented from doing so only by being beaten with canes and overpowered. This is the ninth assault he has made upon the officials, and repeated efforts to conquer him seem to have no effect.

Since the previous assault he has been confined in a steel cage especially prepared for his use. Yesterday an effort was made to clean it. Marlatt attacked Guard O'Brien with a piece of steel fashioned into a knife, but, before he could strike the guard, was subdued with canes in the hands of other guards. He was then taken out and the cell cleaned. Marlatt is the most vicious man at the prison and a puzzle to the officials. He is unconquerable, and will fight at every opportunity. The knife was like those used by Marlatt on other occasions, and the manner in which he secured it is as much of a mystery as in the other cases.

A FAMILY ROW.

It Was Stopped by Order of Mayor Jones.

Officer Morgan reported to Mayor Jones last night that a big row was in progress at the residence of Samuel College on Short street. The officer was sent to quiet the noise, and warn the principals that arrest would follow a repetition of the offense. The mayor grows weary of acting as referee in these family quarrels, and proposes to have them stopped. Patience with him has ceased to be a virtue, and if they are brought before him again he believes someone will get a salty dose.

SENT BACK THE BIDS

The Light Company Can Have One More Chance.

NEW PLANT WAS RECOMMENDED

The Committee and Board of Improvement Think the Concern Wants Too Much Money, and Advise Council to Investigate a Municipal Plant.

Light committee of council and the board of improvements talked for two hours last night before deciding to reject the bid of the light company.

Mayor Gilbert, Mr. Kent, Mr. Stewart, Mr. Peake, Mr. Cuthbert, Commissioner Finley and Engineer George were present, and took an active part in the discussion. The newspaper men were denied admission, but it was learned after the meeting that the bid of the light company had been refused on the ground that it was too high. Council were advised to go deeper into the subject, and investigate any good plan that will result in the purchase or construction of a light plant by the city. This report will be made to council this evening. The greater part of the time last night was spent in going over the bids, and comparing them with prices paid by other cities. It was agreed to suggest to council that another opportunity be given the company to change its bid.

Prominent members of council said today that the question would be settled tonight.

ROSEMARY.

Green bud stars spangle
The dead, black tree,
Bloom's in a tangle
On orchard and sea.
Now dim longings shade me,
Now birds have sung
Shall the heart persuade me
I still am young?

Ah, no, heart, hush thee!
Be wise, serene,
Lest snow wreaths crush thee
Ere Hallowe'en.
Though June be jolly,
Though flowers be sweet,
'Tis all but folly
And blind deceit.

Heart, thou has finished
With joys that fade;
Thy strength diminished,
Thy light decayed.
The brain is an ember
The blood is cold.
My heart, remember
We both are old!

THE COMMON BLACK COAT

It Is Feared That It May Be Superseded by One of Lighter Color.

It would appear from one of their trade organs that tailors are becoming a little anxious about the prospects of the black coat of civilization. They fear it is in danger of being superseded by a garment of lighter hue, if not of variegated pattern. Perhaps, if they were to give voice to their deeper apprehensions, they would say that there was more at stake than the black coat. There can, at any rate, be little doubt, whether the tailors are willing to admit it or not, that with the fate of the black coat is bound up that of the black waistcoat. Whether the two have been lovely and pleasant in their lives is a matter of opinion, but we feel sure that in death they would not be divided.

We mean no disrespect to the vest in describing it as a parasite of the coat. It is a humble dependant which has only found its way into society under the wing of its influential patron, to whom it adheres with single breasted fidelity, rewarded on the other side by an attachment which is rarely broken save for a short period during the summer months.

The trousers, it is true, are connected with the two upper garments by no such feudal tie, but their own union is complete and, except in very hot weather, indissoluble. Hence, the more farsighted tailors no doubt perceive clearly enough that if the black coat goes we shall be within measurable distance of the "tweed suit." Nor are there wanting those who would do their best to accelerate the catastrophe.

Animated by the restless spirit of the age, its impatience of sobriety and its thirst for change and color in costume, as in life, there is a school of so called reformers who are endeavoring to urge the wearers of black coats to revolt. Let them give free play, exclaim these anarchistic counselors, to "their taste in checks and stripes," and they will be able to cut a far more picturesque figure at a far smaller annual outlay. With the outlay, of course, the public is not concerned, though that matter, doubtless, is not without its interest for the tailors, but we own to some uneasiness at the idea of the entire community indulging its multifarious taste in checks and stripes in a headlong pursuit of the picturesque.

We have all of us, indeed, seen the experiment tried under very favorable circumstances, but with more than dubious results by those little bands of vocal and instrumental artists, generally six or eight in number, who are usually to be met with at race meetings or on the sands at popular seaside resorts. These pioneers of dress reform have entirely discarded the black coat, preferring one of gay color, with noticeably elongated tails, and the freedom with which they indulge their taste in checks and stripes may almost be said to border upon license. Yet the effect, even with the addition of an open shirt collar of Elizabethan proportions, a corked face and a tanjo cannot be described as entirely picturesque.—London Telegraph.

A FAILURE.

This Marriage Was Certainly Not a Success.

LISBON, Nov. 24.—[Special.]—Judge Smith last evening gave Mrs. Alice Orr a divorce from her husband, Charles B. Orr. They were married eight years ago in East Liverpool, and Mrs. Orr said her husband had kicked her down a flight of stairs and then attempted to drag her up by her hair.

The case of Daniel Ertzinger against the Cherry Valley Iron company was dismissed, and that of B. N. Norris against C. S. Strahn was settled by the plaintiff paying the \$18 claims.

Court has adjourned until next Monday when James Orin will be tried for robbery.

THE STAR OF HOPE.

"I had lost all hope and gone to my father's to die," said Mrs. MOLIE EVANS, of Mount, Corryell Co., Texas. "I gave birth to a baby a year ago, the 24th of June last," she adds, "and seemed to do very well for 8 or 9 days, and then I began to feel very bad, my stomach was all wrong and I seemed to suffer with everything that could be borne. I was in bed 5 months and there was not a day that it seemed I could live. We had the best doctors that our country afforded. I was a skeleton. Every one that saw me thought that I would never get well. I had palpitation and pain in the heart, terrible pain in my right side just under the ribs, terrible headaches all the time; a bearing down all the time; I could hardly eat. All the time I would take such weak trembling spells, and it seemed as if I could not stand. There were six doctors treating me when I commenced taking your medicine. I had lost all hope and gone to my father's to die. I commenced taking Dr. Pierce's Golden Medical Discovery and his 'Favorite Prescription' together, and I took them regularly until I felt as if life was worth living again."

"I weigh more than I have weighed for ten years. My friends say that I look better than they do more good than all the medicine they did me more good than all the medicine I had taken. My stomach has never hurt me since. I can eat anything I want and as much as I want. If you want to use this in favor of your medicine, I am a living witness to testify to it, and will, to anybody who wants to know further of my case."

A THIRD STREET INCIDENT.

Some Items of Interest Furnished Our Representative by a Well-Known Lady.

Items pertaining to the domestic life of people we don't know, who live in foreign parts, are as a rule dry and uninteresting to our readers. It is only when such items touch upon some matter of individuality of which the reader has some knowledge that attention is centered upon them, and in the present instance a perusal of what follows will be found not only interesting, but valuable. Remember always, keep it in mind, don't lose sight of the fact that one line of local evidence about any article is worth a column of foreign testimony. Read what this resident says about Doan's Kidney Pills. Mrs. Wm. James, who lives at 283 Third street, says: "I have been troubled off and on for the past eight years with a weakness of the back and kidneys, a dull aching pain across my loins, under my shoulder blades, and rheumatic pain in my right shoulder. I was very susceptible to changes in the weather, and was so bad at times that I could scarcely stand and support my own weight. The trouble affected my nervous system, causing frequent fluttering of the heart and a shortness of breath. I have generally resorted to porous plasters, but the relief was only temporary. I got a box of Doan's Kidney Pills at the W. & W. Pharmacy, and got relief almost at once. The symptoms all left, and I have not felt any since. I feel much better and stronger generally."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents per box, six boxes for \$2.50. By mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for United States.

ANDRE'S MONUMENT.

Vandals Have Chipped His Memorial in Westminster Abbey.

Near the center of the south wall of the nave is a monument to Major Andre of Revolutionary note. The very long inscription upon it begins, "Sacred to the memory of Major John Andre, who, raised by his merit, at an early period of life, to the rank of adjutant general of the British forces in America, and employed in an important but hazardous enterprise, fell a sacrifice to his zeal for his king and country, on the 24th of October, 1780, aged 29, universally beloved and esteemed by the army in which he served and lamented even by his foes."

About the base of the monument, which is a panel set against the wall, are several small figures. These project from the panel, and represent the presentation of Major Andre's letter to General Washington on the night before his execution. The ease with which the heads of these figures could be broken off has been too great a temptation to relic hunters, and most of the heads have been knocked off and stolen. That such vandalism is not wholly modern is shown from the fact that Charles Lamb writes of the defacing of this very monument in this way in his "Essays of Elia." Southey, the poet, when a boy, was a pupil at the Westminster school. Later in life he was exceedingly sensitive in regard to his political principles, and for a time a serious quarrel existed between himself and Lamb, because the latter, speaking in regard to this injury to Andre's monument, described it as the "wanton mischief of some schoolboy, fired perhaps with raw notions of transatlantic freedom." Then, addressing Southey, he added, "The mischief was done about the time that you were a scholar there. Do you know anything about the unfortunate relic?"

There is now fastened upon the wall of the nave, above the monument, a wreath of oak leaves which Dean Stanley, when he visited America, gathered near the spot on the bank of the Hudson river where Andre was executed. Although Andre died in 1780, it was not until 1821 that, at the request of the Duke of York, his bones were exhumed and taken to England to be buried in the abbey. The box in which they were placed for the voyage is still preserved in the oratory over St. Isidore's chapel, where the wax figures are kept.—Max Bennett Thrasher in St. Nicholas.
